

Community Foundations for Ukraine

Individuals, companies, civil society organisations and community foundations as locally rooted and connected organisations around the world are stepping up in various ways to provide support for Ukrainians following the Russian invasion.

Community foundations and community foundation support organisations in Ukraine and in neighbouring countries have already launched an impressive on the ground effort to help secure people, provide essential supplies, facilitate evacuations, and connect to temporary accommodation.

ECFI wants to connect those that want to help with those that need help.

This live resource document is intended to share relevant information from partner organisations in Ukraine like ISAR Ednannia (Initiative Center to Support Social Action) and the National Network for the Development of Local Philanthropy in Ukraine, but as well from partner organisations in neighbouring countries with details on how to support their work.

Please do contact us if you have information you would like to share - email info@communityfoundations.eu

Ednannia (Joining Forces): Initiative Center To Support Social Action

We are actively work in Ukraine. Due to security reasons we close our main web-site but all the work we do with specific focus on solving local challenges Ukrainian communities facing with (IDPs, hospitals, vulnerable, defends issues, humanitarian...). In partnership with CFs and other local NGOs we monitor the urgent needs and provide grants. Also we support monitoring and recording all the influences of the war for future court, we support info campaigns and info platforms, etc. We have a strong partnership with Government of Ukraine, USG, EI but our main focus is Civil Society. Annual budget before the war was 3-4 mln. USD. So, all the policies and needed papers are in place as well as results of the Annual audits. ISAR Ednannia is trusted nonprofit entity.

ISAR Ednannia not only networks the largest NGOs in Ukraine, but also maintains direct links with community foundations and other organisations for the local common good in the country, enabling it to respond quickly to specific needs.

Cooperation with the local community foundations or other local organisations, e.g. in Kyiv, Kherson, Zaporizhia, Chernihiv, Kharkiv, Melitopol, Mariupol, Odesa, Zhytomyr, Poltava, etc., is all the more important as they themselves can form local platforms for the collection and distribution of needed goods, be it food, medicines or bullet-proof waistcoats, and can quickly meet needs. Current information and account numbers can be found on the website.

Zagoriy Foundation

Zagoriy Foundation is currently collecting, systematizing, and prioritizing the needs of our grantees and other organizations in Ukraine that effectively and transparently address pressing issues. By attracting help from our partners in Ukraine and abroad, we efficiently allocate funds and help meet urgent needs by:

1. Supporting grassroots organizations to work efficiently. We support the organization's projects, institutional capacity, and communication.
2. Creation and distribution of materials on philanthropy during the war.
 - An analysis of the current situation
 - Recommendations for charitable activities and protection against fraud (specific instructions and actions);
 - Media coverage regarding philanthropy in Ukraine and abroad
3. Coordination within the sector and efficient allocation of funds Creating a map (list) of who is doing what and what niche is occupied today so as not to duplicate colleagues' work but rather to strengthen it. Informing donors about existing needs in a centralized manner.

Sumy Community Foundation

Sumy is a beautiful city in North-Eastern Ukraine. Home to 300,000 men, women, and children. On February 24, our region became one of the first targets of the unprovoked Russian invasion.

The funds received will be spent on:

- purchasing medicines, food and medical supplies
- repairing the critical infrastructure (electric grid, heating, communications)

- buying protective equipment for volunteers and territorial defense
- transporting the necessities to the Sumy region
- supporting the most vulnerable segments of the population
- rebuilding the Sumy region after the victory

Roots & Wings Foundation

Roots & Wings Foundation is collecting funds to trusted local partners, including community foundations and community/based organisations working on the ground and working. Some of our partners are already working hard to ensure that support and care to refugees is provided according to their quickly changing needs; they are helping Hungarian communities to be welcoming and accommodating and they are transporting in-kind gifts across the border to Ukraine. The Fund will support the following types of works:

- Pilot projects to support local communities to meet the needs of refugees staying in Hungary regarding accommodation, social and psychological care, employment, education with the goal to distil and disseminate practices/projects that work;
- Operating and/or participating in local coordinating committees with the involvement of local governments and public institutions, NGOs and civic groups to connect community resources with needs of refugees and communities; and
- Hiring experts and paid staff to work with volunteers to be able to carry quality work on the mid-term and enable volunteers to regenerate.

Poland

Federacja Funduszy Lokalnych w Polsce

The Federation of Local Funds in Poland has been helping Ukraine from the first day of the war. We have launched a collection fund and are coordinating help in Ukraine as well as in Poland.

WHO WE SUPPORT?

- Refugees who have already arrived at Poland and need shelter, medical, legal or psychological assistance,
- People who are at the border and want to get to Poland (mainly women with children),
- People who are still in Ukraine. Thanks to donations, we systematically provide real help, which goes directly to twin non-governmental organizations in Ukraine. They provide support to the local community and soldiers fighting at the front. We have provided among others: food, sleeping bags, blankets, power banks, torches, walkie-talkies, medicines, first aid kits.

WHERE IS OUR EFFECTIVENESS FROM?

- We are in constant and daily contact with Ukrainian organizations, and we receive their lists of needs on an ongoing basis, to which we respond immediately,
- We organize the transport of products ourselves, which we deliver directly to selected communities from the region of Kiev, Zaporizhia, Bila Cerkiev, Vasylkiv, Zhitomyr, Vinnitsa, Chernihiv, or the Bar region,
- We purchase equipment that is difficult to find in Ukraine (power banks, aggregates, sleeping bags or walkie-talkies),
- We pay for the purchase of drugs (including prescription drugs) and deliver them to Ukrainian hospitals,
- We help refugees at the border, in the country and in our local communities, where Ukrainian citizens are located,
- Each community fund supports its municipalities and counties in caring for refugees, thus relieving local governments,

We have opened dedicated bank accounts in PLN, EURO and USD, where you can make a donation:

Făgăraș Country Community Foundation

In order to support the humanitarian efforts that our country is making, we make available to the local community in Făgăraș our platform to mobilise financial resources through the Emergency Fund for Ukraine.

We invite all good people from the local community to contribute to the humanitarian efforts, donating through the platform of the Făgăraș Country Community Foundation. We are committed to managing these amounts in a transparent manner, to constantly inform the community about the sums mobilised and to support, through this Fund, the humanitarian efforts made by the Romanian civil society.

The amounts mobilised through this Fund will be directed to non-governmental organisations that support Ukrainian refugees in various forms. Făgăraș Country Community Foundation will finance these organisations by offering a grant (non-reimbursable financing), according to the operating standards of the Community Foundations in Romania, as well as according to the grantmaking procedure.

Galati Community Foundation

Galati Community Foundation has joined the sustained efforts of Romanian civil society, which have been impressively mobilized in recent days to support refugees from our country's borders fleeing the war in Ukraine.

In order to support the humanitarian efforts that our country is making, we make available to the local community of Galați our platform to mobilize financial resources and launch the Emergency Fund Galați - Refugees in safety.

We invite all people who want to contribute to humanitarian efforts, to donate through the platform of the Galati Community Foundation. We are committed to managing these amounts in a transparent manner, to constantly informing the community about the amounts mobilized and to support, through this Fund, the humanitarian efforts of Romanian civil society.

Through the Emergency Fund Galați - Refugees in safety , we want to address the urgent but also the medium and long-term needs of people fleeing the war in Ukraine, who may be affected by the need of shelter or food, medical and social services, psychological,

educational or legal needs, transport or safety needs or the guidance of refugees for the employment of adults.

The Galati Community Foundation will support these needs by providing non-reimbursable funding to non-governmental organizations involved in these efforts, in the form of grants.

Iasi Community Foundation

We have launched a solidarity campaign in Iași, alongside Bethany Social Services Foundation and CIVICA Association to support refugee families in Ukraine.

Funds raised from both individual donors and companies are directed to the purchase of non-perishable food, medicine, hygiene products for children, women and the elderly, clothing items, by supporting the accommodation and transport efforts of refugees, their medical and social assistance.

We are also working with local authorities, representatives of the business sector and the universities to outline the mid-term plans for adapting to the refugee phenomena and find the proper solutions for education of children and the guidance for the employment of adults.

Oradea Community Foundation

We are a part of a powerful community that proves to us how united we are even in these days.

The Oradea Community Foundation had established a clear purpose. We commit ourselves to think about the difficult situation of the Ukrainian people who are still abroad and in need of help. So we take action with the help of our volunteers and the authorities in Bihor county.

The main purpose of our helping campaign is to provide humanitarian aid to people in need in Ukraine, but also to those who arrived in our county, in our city. The most important role that we assume these days is being an aggregate of help, meaning that we communicate and that we succeeded to establish a powerful connection with other NGO's,

because we have to act as a team. This is the only way to be more efficient in this unfortunate situation. That's why we are a binder between NGO's and authorities.

Aside from collecting humanitarian help, we are in the process to implement a call center that reunites most part of the NGOs involved in this crisis in the Bihor county. We will have a unique phone number that will be disseminated by all the NGOs, local press and local authorities for all those who need or offer help. The volunteers that are answering the phone will redirect the call to the ones responsible (local authorities) or will dispatch help from the responsible NGO as needed.

We also collect financial donations from those who can help ukrainians and also we advise our community to understand the importance of blood donation, a gesture which is very important nowadays.

The main goal is to mobilize and to invite people and NGO's to react together in front of this unfortunate situation.

France

Fondation de France

The Fondation de France launched a call for projects 'Solidarity Ukraine'. Eligible for funding are local organisations that accompany refugees in neighbouring countries and displaced persons in Ukraine.

In accordance with the Fondation de France's principles of intervention, a committee of volunteer experts has been set up and has defined two main priority areas for action:

- to respond to the basic needs and psychosocial support of populations affected by the conflict;
- to provide more sustainable support to these populations, in terms of access to health services, housing, education, legal support, psychological support but also access to information and documentation about human rights violations.

Grants often range from 5,000 to 100,000 euros, depending on the needs, the organization's management capacity and potential co-financing.

Alliance of Community Foundations in Germany

At this time, our thoughts in Germany's community foundations are with the people in Ukraine and with our friends and partners in the 29 community foundations there. Together with our network and our community foundation partner organisations around the world, we are watching the escalation of the conflict with horror. We want to support the people in Ukraine with all the means at our disposal and also call on philanthropy in Germany to respond.

Stiftung Aktive Bürgerschaft - Ednannia-Hilfsfonds

Stiftung Aktive Bürgerschaft together with Maecenata Stiftung have established an Ednannia Relief Fund. All donations to the relief fund go to Ednannia, a non-profit organisation that supports community foundations in Ukraine. It is accredited there and has 20 years of experience in building and supporting civil society structures and organisations.

Ednannia forwards the donations directly and according to need to the approximately 30 Ukrainian community foundations in various regions. Support is provided, for example, for humanitarian aid and the care of refugees and injured people - examples can be found below. Resources from the aid fund may only be used for community foundations and not for military purposes ("territorial defence").

The Maecenata Foundation receives a free donation share of a maximum of 5 percent to cover its expenses and further develop its services. Donation receipts are issued for the full amount of the donation.

Bürgerstiftung Rheda-Wiedenbrück

The Rheda-Wiedenbrück Community Foundation has set up a donation fund for refugees from Ukraine, with which all funds can be bundled and used in a targeted manner.

For the refugees and for voluntary help, both material and honorary funds from 50 euros up to approx. 1,000 euros can be applied for. A decision on the allocation of funds is taken once a week.

The following matters are eligible for funding:

- Purchases for accommodation and everyday life
- Activities for participation in social, civic or cultural life
- Activities for networking and integration of refugees
- Voluntary accompaniment of refugees in the exercise of their rights and guidance in everyday life
- Activities for the education, legally compliant employment or qualification of refugees
- Activities to qualify volunteers working with refugees, e.g. on intercultural skills or facilitating workshops.
- Travel costs and tickets for public transport
- Material for learning the German language

Services or activities to which the refugees have a legal claim or which are the responsibility of the federal government or the state are not funded.

Hamburger BürgerStiftung

The Ukraine Aid Hamburg (*die Ukrainehilfe Hamburg*) is an alliance of civil society organisations, foundations and companies that work together to make it as easy as possible for those seeking protection to arrive in Hamburg. Our goal is to support those in the city who are in direct contact with the protection seekers and know what needs there are and what solutions are quick and practicable. It is important for us not to develop parallel structures, but to strengthen existing organisations.

We structure our help in the following areas:

- Arrangement and support of [housing sponsorships for people seeking](#) protection by setting up a cooperation project with the Alliance of Hamburg Refugee Initiatives (Bündnis Hamburger Flüchtlingsinitiativen BHFI e.V.).
- [Arrangement of mentorships](#) to accompany families and individuals
- Topic-related [networking of civil society actors](#) in the city and support for the North German-Ukrainian aid team

Fondazione Comunità Novarese onlus

In order to support the reception of all the people fleeing from Ukraine following the invasion by the Russian army on 24 February, (who often came here to be reunited with part of their families) Fondazione Comunità Novarese onlus has decided to launch a special fundraising campaign and has set up the Ukraine Emergency Fund. This is a fund where donations will be directed to support reception projects, with the aim of providing concrete and urgent help to all those who have been forced to leave their homes suddenly and are seeking refuge in the countries of the European Union. The fundraising is intended to support the costs of reception, with the aim of rapidly settling the refugees according to a model of "widespread reception" that aims to integrate small groups into the ordinary life of the host communities and thus facilitate integration, in collaboration with the

Caritas Diocese of Novara reception network and other bodies and associations in the area. The first concrete action was to set up a training course for intercultural mediators.

Fondazione Comunitaria della Valle D'Aosta

Fondazione Comunitaria della Valle D'Aosta has set a dedicated fund, "Valle d'Aosta for Ukraine" and is collaborating with regional authorities as well as with other actors from the third sector to provide a shared answer. The main objective is to support the efforts of the Aosta Valley community to guarantee the most appropriate welcome for those fleeing the war. For this reason, the donations will mainly be used to support the expenses related to the rapid accommodation of refugees according to a model of "widespread reception", which aims at the inclusion of small groups in the ordinary life of the Aosta Valley community and thus facilitates integration.

Other initiatives

Philea platforms - [PhilanthropyForUkraine.eu](https://www.philanthropyforukraine.eu) and [NGOforUkraine.eu](https://www.ngoforukraine.eu).

Key partners from across the philanthropy sector have launched the integrated online portals [PhilanthropyForUkraine.eu](https://www.philanthropyforukraine.eu) and [NGOforUkraine.eu](https://www.ngoforukraine.eu). The initiative aims to better coordinate the efforts, initiatives and calls for donations from the European philanthropy sector and NGO community in Ukraine and neighbouring countries.

The portals will directly support the work of two key stakeholders:

- Philanthropic organisations, to share updates on resources mobilised to support Ukraine; understand which pledges and commitments are being made by their peers; and understand and respond to the needs of (I)NGOs and grassroots organisations.
- (I)NGOs and grassroots organisations, to navigate the offers made by the philanthropic community and communicate their needs for support to a community of philanthropic actors.

A simple online template allows both of these stakeholders to publish their support efforts directly to the portals in their own languages. Bringing both communities together will allow for more targeted support in the interest of helping the millions of people suffering the consequences of the invasion.

Global Fund for Community Foundations

The GFCF has launched a series of rapid grants to trusted community philanthropy partners in Ukraine and surrounding countries to support their relief efforts. We will be reporting more on the amazing organizing and relief work that is being done by our partners in the Ukraine, Hungary, Poland, Romania and Slovakia in due course, but activities have so far ranged from providing direct relief to arrivals from the Ukraine in the form of food and accommodation, to organizing psycho-social support addressing the trauma and impacts of the war, to arranging transportation for Africans and other foreigners to other countries, to launching local fundraising campaigns. So far, we have awarded US \$154,900 in grants to the following organizations, most of which have also set up their own fundraising campaigns (see links below).
